

WELCOMING THE STRANGER: Refugee Sponsorship as Ministry

“The stranger who sojourns with you shall be to you as the native among you, and you shall love him as yourself”—Lev. 19:34 NASB

Refugees are people who have left their home countries and cannot return because of threats to their safety. Canadian Lutheran World Relief’s refugee sponsorship program helps congregations put their faith into action by “welcoming the stranger” and helping them build a new home in Canada. In return, congregations have the privilege of developing new friendships and learning about a different way of life.
