

Canadian Lutheran
World Relief

YOUR IMPACT THIS LENT

Thanks to the collective support of Lutherans and friends across Canada, children and young people across the world who are suffering through war and conflict will receive the support they need. This will include:

Trauma Support for Palestinian Youth

Your generosity is helping us provide young people with vital trauma support, including counseling, group sessions, social outings, and stress-relief activities to help them heal from the impact of violence.

Water for Displaced Girls in Ethiopia

Girls and young women displaced by conflict have been shouldering the responsibility of collecting water. Your generosity will enable us to provide safe, easily accessible water sources to improve their health and safety.

Because of your compassion this Lent, we will be able to continue supporting children and young people through these kinds of projects and initiatives. Your support is impactful and will give them a renewed sense of safety and security. ***Thank you!***
