

ADULT EDUCATION RESOURCES

Explore food-themed learning activities that connect your congregation to the Friends of Creation challenge. Use the options below to discuss how climate change impacts food systems, hunger, and stewardship of the land.

- **Consider offering the Bible Study provided.**
- **Offer a book discussion with a focus on climate and food justice.**
 - Suggested reading:
 - *Food is Climate* – Glen Merzer
 - *The Climate Book* – Greta Thunberg
- **Offer additional online resources and guided learning.**
 - Resource hubs and articles:
 - *Have You Anything Here to Eat?* – Creation Justice Ministries (includes stats, liturgy, and teaching tools)
 - <https://www.creationjustice.org/haveyouanythingtoeat.html>
 - *Sowing Seeds: Prophetic Action to Climate-Changed Lands* – Creation Justice Ministries
 - <https://www.creationjustice.org/sowingseeds.html>
 - *Climate, Food, and Faith* – Blessed Tomorrow
 - <https://blessedtomorrow.org/climate-action-sheet/climate-health-and-food/>
 - *Churches in Wales: Climate & Food Resources* – includes worship and action resources
 - <https://www.cytun.co.uk/en/climate-and-food/>
 - *Let Nothing Be Wasted* – Science for the Church (food waste and faith reflection)
 - <https://scienceforthechurch.org/2023/04/18/earth-day-consider-food-and-let-nothing-be-wasted>
