World Refugee Day

June 20th, 2024

DID YOU KNOW?

- Nearly 1.5% of the world's population— over 117 million—are forcibly displaced people.
- Around 40% of those who are forcibly displaced are children under the age of 18.
- Low- and middle-income countries host 75% of the world's refugees.

On World Refugee Day, we remember forcibly displaced people around the globe, celebrate their strength and courage, and build empathy for their plight.

Please join us this week in praying for all those who have had to flee, and for all those who will offer welcome.
